CHILD PROTECTION AND SAFETY POLICY

Last Reviewed: 21 April 2021
Next Review: 2025

Rationale

"In the Lutheran school the gospel is to inform all programs, relationships and activities" (LCA and its School statement). The love of God in Jesus Christ is to govern all that is done. In response to this love, people in the school community are directed to their fellow human beings. Where they love others, they love him. Christ's promise is that whatever is done for others is done for him. Informed and transformed by God's creative, redemptive and sanctifying love, God's people are concerned with the total needs of their fellow human beings (Industrial Relations and the Lutheran school).

The approach we take at Good News Lutheran College defines power as the capacity to set and care for boundaries. Boundaries are the structures which support human development within community; boundaries may be personal, communal, spiritual, psychological or physical. In Christ, there is an empowerment by the gospel to recognise boundaries and prevent their destructive crossing and to care for those who have been violated. Our responsibility of leadership is to care for professional boundaries through the establishment of structures that protect them. Structures provide for support, examination, and action to ensure that school leaders, staff and students act according to boundaries that help, protect and uphold the dignity, worth and safety of each individual. (Valuing Safe Communities: Statement of values)"

Aims

- Good News Lutheran College has developed the following Child Protection and Safety Policy. This Policy is an overarching document that provides key elements of our approach to protecting children from abuse. The Policy forms the foundation of the College's procedures, practices, decision-making processes and ultimately the College's culture with respect to child safety. It is designed to be published on our public website as well as communicated through other mediums such as newsletters, our annual report and in induction and welcome packs for College Council members, staff and volunteers. A PDF version of Good News Lutheran College's Child Protection and Safety Policy is available.

The College's Child Protection and Safety Policy has been approved and endorsed by the College's College Council and is regularly reviewed by the Council.

ATTENTION: The following is a Child Protection and Safety Policy that meets the guidelines set out in Standard 2 of the Victorian Child Safe Standards. This Policy *must* be reviewed and amended in light of the College's specific requirements. Please see Appendix 1 and Appendix 2 at the end of this document.

Our Child Protection and Safety Policy

Objectives

This Policy provides the framework for:

- The development of work systems, practices, policies and procedures that promote child protection within the College
- The creation of a positive and robust child protection culture
- The promotion and open discussion of child protection issues within the College, and
- Compliance with all laws, regulations and standards relevant to child protection in Victoria

Statement of Commitment to Child Safety

Child abuse includes sexual offences, grooming, physical violence, serious emotional or psychological harm, serious neglect and a child's exposure to family violence. Good News Lutheran College is committed to the protection of all children from all forms of child abuse and demonstrates this commitment through the implementation of comprehensive Child Protection Procedures designed to keep children safe.

At Good News Lutheran College, we have a zero tolerance for child abuse and are committed to acting in children's best interests and keeping them safe from harm. The College regards its child protection responsibilities with the utmost importance and as such, is committed to providing the necessary resources to ensure compliance with all relevant child protection laws and regulations and maintain a child safe culture.

Child Safe Values and Principles

The College's commitment to child safety is based on the following overarching principles that guide the development and regular review of our work systems, practices, policies and procedures to protect children from abuse.

1. All children have the right to be safe.
2. The welfare and best interests of the child are paramount.
3. The views of the child and a child's privacy must be respected.
4. Clear expectations for appropriate behaviour with children are established in our Child Safety Code of Conduct and Staff and Student Professional Boundaries Policy.
5. The safety of children is dependent upon the existence of a child safe culture.
6. Child safety awareness is promoted and openly discussed within our College community.
7. Procedures are in place to screen all staff, volunteers, Third Party Contractors and external education providers who have direct contact with children.

Direct Contact Volunteers are those volunteers who are involved in providing support, guidance and supervision directly to students and could potentially have direct contact with students during the normal course of providing the volunteer service.

There may be some specific circumstances where a Third Party Contractor may not be screened by the College. If this occurs, specific processes will be put in place to ensure that the un-screened contractor will not be left unattended in the College grounds at any time.

8. Child safety and protection is everyone's responsibility.
9. Child protection training is mandatory for all College Council members, staff and volunteers.

10. Procedures for responding to alleged or suspected incidents of child abuse are simple and accessible for all members of the College community.
11. All children, especially those who are vulnerable for whatever reason, have a right to care and support.
12. Children from culturally or linguistically diverse backgrounds have the right to special care and support including those who identify as Aboriginal or Torres Strait Islander.
13. Children who have any kind of disability have the right to special care and support.

The Working with Children Act 2005 (Vic) defines 'direct contact' as any contact between a person and a child (aged under 18) that involves:

- *Physical contact; or*
